TAG Baltimore Office Update

First Day of Chanukah 5783

TAG Baltimore has been in our newly renovated office since after Sukkos. Our office has continued to be open five nights a week with our incredibly dedicated volunteer staff busy helping community members with their technology protection needs.

The safety and security of our community is our first priority, and we are committed to operating within the highest standards of integrity. We have conducted a careful and lengthy review and we continue to consult with cybersecurity experts. No security issues with any devices that we have serviced have come to our attention or been reported.

Under the careful direction of our Rabbinic Advisory Committee, together with the tireless efforts of our devoted volunteer staff, and the support of the network of TAG offices across the country and around the world, TAG Baltimore remains fully committed to continue expanding its mission of providing the Baltimore community with the tools and guidance to address the challenges of technology.

We invite the community to take advantage of TAG's many services including:

- Consultations
- Basic phone browser removals
- Device inquiries
- Guided third-party filter installations for computers, tablets and smartphones
- Filter setting customizations
- Kosher Phones available for sale - Coming Soon

Appointments in advance for all services are preferable, either via our website, or by calling or emailing us. Walk-ins are serviced to the best of our ability. For any questions, concerns or kosher tech related inquiries, please email us at help@tagbaltimore.org and we will reply as promptly as possible.

We look forward to continue serving the Baltimore Jewish community and help do our part in maintaining the highest levels of Kedusha in Klal Yisrael.

Best wishes for A Freilichen Chanukah,

Moshe M. Herzog
President, TAG Baltimore
Simcha Raczkowski
Senior Office Technician, TAG Baltimore
